I. Data Protection, Cybersecurity, and Records Management Initiatives

➢ The Center facilitates the integration of the University's data protection, cybersecurity, and records management practices with broader government initiatives. By engaging with relevant agencies, the Center ensures the University's practices are not only in compliance with current legal requirements but are also reflective of emerging trends in cybersecurity and data governance. This collaborative effort strengthens the University's approach to safeguarding institutional data, protecting against cyber threats, and ensuring the long-term preservation and proper management of records.

Center for Linkages and Placement

- Director: Ms. Cynthia Margaretta Rabago José
- The CENTER FOR LINKAGES AND PLACEMENT or CLP (formerly CILP) paves the way for partnerships all over the globe so that its services and program offerings may be participated in by, and integrated between and among industries, government agencies, non-government organizations, and other educational institutions.
- **Functions**

A. Linkages and Partnerships

➢ The center acts as a liaison to the various business and industry, government and non-government, and academic sectors in the development and implementation of strategic alliances with UMak, in collaboration with the different college/center/office proponents of the University. The center has a Facebook Page (https://www.facebook.com/UMakCILP) to help ensure that they stay connected and engaged with students, alumni, industry and academic partners and other interested community members and constituents. Projects and activities include the yearly Industry Partners Recognition Day, Organizational Memberships, UMak Link Newsletter, and Partnership Contract Processing.

B. Student Internships/On-The-Job Training

➢ The center coordinates with the academic colleges to facilitate deployment, documentation, and monitoring of student interns. Activities include Internship/OJT Orientation, Job and Training Referrals, Deployment, Monitoring, and Clearance of Interns.

C. Career Planning and Development

➢ The center conducts and/or collaborates with industry partners for the conduct of skills enhancement and training to prepare students for the workplace, at the same time develop professional goals and plans for the fulfillment of a rewarding career. Projects and activities include the yearly Career and Employment Planning Conference and periodic Job Skills Training, or Career Development and Networking Seminars with industry partners.

D. Placement and Employment Assistance

- ➢ The center helps employment or internship seeking students by linking them with reputable employer or intern seeking industry partners and other related employment agencies. Projects and activities include the yearly Mega Job Fair, Government Internship Program, Special Program for Employment of Students, and In-Campus Training. The center also regularly puts out Job and Internship Vacancy Posts on the CILP office bulletin board or Facebook Page.
